“Every dollar we invest in high-quality early childhood education can save more than seven dollars later on -- by boosting graduation rates, reducing teen pregnancy, even reducing violent crime. In states that make it a priority to educate our youngest children,... studies show students grow up more likely to read and do math at grade level, graduate high school, hold a job, form more stable families of their own. We know this works. So let’s do what works and make sure none of our children start the race of life already behind. Let’s give our kids that chance.”
(President Obama, State of Union Address, February 12, 2013)

PURPOSE OF PROGRAM

The purpose of the Race to the Top-Early Learning Challenge (RTT-ELC) program is to improve the quality of early learning and development and close the achievement gap for children with high needs. The RTT-ELC grant competition focuses on improving early learning and development for young children by supporting States' efforts to increase the number and percentage of low-income and disadvantaged children in each age group of infants, toddlers, and preschoolers enrolled in high-quality early learning and development programs; and designing and implementing an integrated system of high-quality early learning and development programs and services.

BACKGROUND

A robust body of research demonstrates that high-quality early learning and development programs and services can improve young children’s health, social emotional and cognitive outcomes, enhance school readiness, and help close the wide school readiness gap that exists between children with high needs and their peers at the time they enter kindergarten.

To address this school readiness gap, the Administration has identified, as high priorities, strengthening the quality of early learning and development programs and increasing access to high-quality early learning programs for all children, including those with high needs.

At its core, RTT-ELC demonstrates a strong commitment by the Administration to stimulate a national effort to make sure all children enter kindergarten ready to succeed. This competition represents an unprecedented opportunity for States to focus deeply on their early learning and development systems for children from birth through age five. It is an opportunity to build a more unified approach to supporting young children and their families--an approach that increases access to high-quality early learning and development programs and services, and helps ensure that children enter kindergarten with the skills, knowledge, and dispositions toward learning they need to be successful.

The RTT-ELC competition does not create new early learning and development programs, nor is it a vehicle for maintenance of the status quo. Rather, the RTT-ELC program will support States that demonstrate their commitment to integrating and aligning resources and policies across all of the State agencies that administer public funds related to early learning and development. It will further provide incentives to the States that commit to and implement high-quality early learning and development programs statewide.

Many early learning and development programs and services co-exist within States. For States, the challenges to be addressed by RTT-ELC are to sustain and build on the strengths of these

programs, acknowledge and appreciate their differences, reduce inefficiency, improve quality, and ultimately deliver a coordinated set of services and experiences that support young children's success in school and beyond.

KEY TIMING

Notice Published in Federal Register:	August 30, 2013
Technical Assistance:	
Introduction to the Application:	September 4, 2013
RTT-ELC Technical Assistance:	September 10, 2013
Applications Due:	October 16, 2013
Awards Announced:	December 2013

OVERVIEW OF PROGRAM AND POINTS

Priorities

- Priority 1:** Absolute Priority–Promoting School Readiness for Children with High Needs
- Priority 2:** Competitive Preference Priority–Including all Early Learning and Development Programs in the Tiered Quality Rating and Improvement System (10 points)
- Priority 3:** Competitive Preference Priority–Understanding the Status of Children’s Learning and Development at Kindergarten Entry (10 points)
- Priority 4:** Competitive Preference Priority– Creating Preschool through Third Grade Approaches to Sustain Improved Early Learning Outcomes through the Early Elementary Grades (10 points)
- Priority 5:** Competitive Preference Priority--Addressing the Needs of Children in Rural Areas (5 points)
- Priority 6:** Invitational Priority–Encouraging Private-Sector Support

Selection Criteria

Core Areas

States must address in their application all of the selection criteria in the Core Areas.

A. Successful State Systems (65 points)

- (A)(1) Demonstrating past commitment to early learning and development (20 points)
- (A)(2) Articulating the State’s rationale for its early learning and development reform agenda and goals (20 points)
- (A)(3) Aligning and coordinating early learning and development across the State (10 points)
- (A)(4) Developing a budget to implement and sustain the work of this grant (15 points)

B. High-Quality, Accountable Programs (75 points)

- (B)(1) Developing and adopting a common, statewide Tiered Quality Rating and Improvement System (10 points)
- (B)(2) Promoting Participation in the State’s Tiered Quality Rating and Improvement System (15 points)
- (B)(3) Rating and monitoring Early Learning and Development Programs (15 points)
- (B)(4) Promoting access to high-quality Early Learning and Development Programs for Children with High Needs (20 points)
- (B)(5) Validating the effectiveness of State Tiered Quality Rating and Improvement Systems (15 points)

Focused Investment Areas

The State must address in its application--

- (1) Two or more of the selection criteria in Focused Investment Area (C);*
- (2) One or more of the selection criteria in Focused Investment Area (D); and*
- (3) One or more of the selection criteria in Focused Investment Area (E).*

C. Promoting Early Learning and Development Outcomes for Children. (60 points)

- (C)(1) Developing and using statewide, high-quality Early Learning and Development Standards
- (C)(2) Supporting effective uses of Comprehensive Assessment Systems
- (C)(3) Identifying and addressing the health, behavioral, and developmental needs of Children with High Needs to improve school readiness.
- (C)(4) Engaging and supporting families

D. A Great Early Childhood Education Workforce (40 points)

- (D)(1) Developing a Workforce Knowledge and Competency Framework and a progression of credentials
- (D)(2) Supporting Early Childhood Educators in improving their knowledge, skills, and abilities

E. Measuring Outcomes and Progress (40 points)

- (E)(1) Understanding the status of children's learning and development at kindergarten entry
- (E)(2) Building or enhancing an early learning data system to improve instruction, practices, services, and policies

SELECTED APPLICATION INSTRUCTIONS

Selected Background Information

Before you begin work on your RTT-ELC application, it may be helpful to understand the parts of the application. Each of these is described below.

- **Priorities:**
 - An *absolute priority* is a priority that all applicants must address fully in order to win; these will be assessed by peer reviewers as either “yes” or “no.” If an applicant does not meet the competition’s absolute priority, it will not be awarded a grant.
 - A *competitive preference priority* is one that earns the applicant extra, or “competitive preference,” points.
 - An *invitational priority* is one that will not be scored, but is of interest to the Secretaries. If an applicant addresses an invitational priority, then the applicant may apply funds from the grant, if awarded, to work associated with this priority.
- **Selection criteria** are the focal point of the application and the peer review. Applicants write narrative responses to these criteria, and reviewers judge their responses. Selection criteria in this competition may be supplemented by—
 - *Evidence*, including data tables and additional information the State believes will be helpful to peer reviewers; and
 - *Performance measures*, or data-driven indicators that States complete to define the outcomes they expect to deliver under the grant.
- **Definitions** set forth the meaning of critical terms in the notice; defined terms are indicated by initial capitalization.
- **Requirements:**
 - *Eligibility requirements* specify what applicants must have in place in order to compete for a grant. Staff from the Education Department (“ED”) and the Department of Health and Human Services (“HHS”) will make the eligibility determination.
 - *Application requirements* list the elements that must be included in a complete application.
 - *Program requirements* specify what applicants must do if they win a grant (*e.g.*, reporting, participating in technical assistance activities, publishing findings).

PRIORITIES

Absolute Priority

The absolute priorities describe items that a State must address in its application in order to receive an award. States do not write directly to the absolute priorities; instead, reviewers determine if the priorities are met after evaluating a State's response to all of the Selection Criteria. We consider for funding only applications that meet the absolute priorities. A State meets the absolute priority if a majority of reviewers determines that the State has met the absolute priority

Priority 1: Absolute Priority–Promoting School Readiness for Children with High Needs.

To meet this priority, the State's application must comprehensively and coherently address how the State will build a system that increases the quality of Early Learning and Development Programs for Children with High Needs so that they enter kindergarten ready to succeed.

The State's application must demonstrate how it will improve the quality of Early Learning and Development Programs by integrating and aligning resources and policies across Participating State Agencies and by designing and implementing a common, statewide Tiered Quality Rating and Improvement System. In addition, to achieve the necessary reforms, the State must make strategic improvements in those specific reform areas that will most significantly improve program quality and outcomes for Children with High Needs. Therefore, the State must address those criteria from within each of the Focused Investment Areas (sections (C) Promoting Early Learning and Development Outcomes for Children, (D) A Great Early Childhood Education Workforce, and (E) Measuring Outcomes and Progress) that it believes will best prepare its Children with High Needs for kindergarten success.

Competitive Preference Priorities

Competitive preference priorities can earn the applicant extra or "competitive preference" points.

Priority 2: Competitive Preference Priority–Including all Early Learning and Development Programs in the Tiered Quality Rating and Improvement System. (10 points)

Competitive Preference Priority 2 is designed to increase the number of children from birth to kindergarten entry who are participating in programs that are governed by the State's licensing system and quality standards, with the goal that all licensed or State-regulated programs will participate. The State will receive points for this priority based on the extent to which the State has in place, or has a High-Quality Plan to implement no later than June 30, 2015--

(a) A licensing and inspection system that covers all programs that are not otherwise regulated by the State and that regularly care for two or more unrelated children for a fee in a provider setting; provided that if the State exempts programs for reasons other than the number of children cared for, the State may exclude those entities and reviewers will score this priority only on the basis of non-excluded entities; and

(b) A Tiered Quality Rating and Improvement System in which all licensed or State-regulated Early Learning and Development Programs participate.

Priority 3: Competitive Preference Priority–Understanding the Status of Children’s Learning and Development at Kindergarten Entry. (10 points)

To meet this priority, the State must, in its application, address selection criterion (E)(1) and earn a score of at least 70 percent of the maximum points available for that criterion.

Priority 4: Creating Preschool through Third Grade Approaches to Sustain Improved Early Learning Outcomes through the Early Elementary Grades. (10 points)

Priority 4 is designed to build upon the State’s High-Quality Plan to improve birth through age five early learning outcomes, and to sustain and extend improved early learning outcomes through the early elementary school years, including by leveraging existing Federal, State, and local resources. The State will meet this priority based on the extent to which it describes a High-Quality Plan to improve the overall quality, alignment, and continuity of teaching and learning to serve children from preschool through third grade through such activities as--

(a) Enhancing the State’s kindergarten-through-third-grade standards to align them with the State’s Early Learning and Development Standards across all Essential Domains of School Readiness;

(b) Identifying and addressing the health, behavioral, and developmental needs of Children with High Needs from preschool through third grade, and building families’ capacity to address these needs;

(c) Implementing teacher preparation and professional development programs and strategies that emphasize developmental science and the importance of protective factors, pedagogy, and the delivery of developmentally appropriate content, strategies for identifying and addressing the needs of children experiencing social and emotional challenges, and effective family engagement strategies for educators, administrators, and related personnel serving children from preschool through third grade;

(d) Implementing model systems of collaboration both within and between Early Learning and Development Programs and elementary schools to engage and support families and improve all transitions for children across the birth through third grade continuum;

(e) Building or enhancing data systems to monitor the status of children’s learning and development from preschool through third grade to inform families and support student progress in meeting critical educational benchmarks in the early elementary grades; and

(f) Other efforts designed to increase the percentage of children who are able to read and do mathematics at grade level by the end of the third grade.

Priority 5: Addressing the Needs of Children in Rural Areas. (5 points)

The State will meet this priority based on the extent to which it describes:

(a) How it will implement approaches to address the unique needs (e.g., limited access to resources) of children in rural areas, including rural areas with small populations; and

(b) How these approaches are designed to close educational and opportunity gaps for Children with High Needs, increase the number and percentage of Low-Income children who are enrolled in high-quality Early Learning and Development Programs; and enhance the State's integrated system of high-quality early learning programs and services.

Invitational Priorities

Invitational priorities signal areas the Departments are particularly interested in; however addressing these priorities will not earn applicants any additional points. If an applicant addresses an invitational priority, then the applicant may apply funds from the grant, if awarded, to work associated with this priority.

Priority 6: Invitational Priority–Encouraging Private-Sector Support.

The Departments are particularly interested in applications that describe how the private sector will provide financial and other resources to support the State and its Participating State Agencies or Participating Programs in the implementation of the State Plan.

SELECTION CRITERIA

Core Areas (A) and (B)

States must address in their application all of the selection criteria in the Core Areas.

A. Successful State Systems

(A)(1) Demonstrating past commitment to early learning and development. (20 points)

The extent to which the State has demonstrated past commitment to and investment in high-quality, accessible Early Learning and Development Programs and services for Children with High Needs, as evidenced by the State's—

(a) Financial investment, from five years ago to the present, in Early Learning and Development Programs, including the amount of these investments in relation to the size of the State's population of Children with High Needs during this time period;

(b) Increasing, from the previous five years to the present, the number of Children with High Needs participating in Early Learning and Development Programs;

(c) Existing early learning and development legislation, policies, or practices; and

(d) Current status in key areas that form the building blocks for a high quality early learning and development system, including Early Learning and Development Standards, Comprehensive Assessment Systems, health promotion practices, family engagement strategies, the development of Early Childhood Educators, Kindergarten Entry Assessments, and effective data practices.

(A)(2) Articulating the State's rationale for its early learning and development reform agenda and goals. (20 points)

The extent to which the State clearly articulates a comprehensive early learning and development reform agenda that is ambitious yet achievable, builds on the State's progress to date (as demonstrated in selection criterion (A)(1)), is likely to result in improved school readiness for Children with High Needs, and includes—

(a) Ambitious yet achievable goals for improving program quality, improving outcomes for Children with High Needs statewide, and closing the educational gaps between Children with High Needs and their peers;

(b) An overall summary of the State Plan that clearly articulates how the High-Quality Plans proposed under each selection criterion, when taken together, constitute an effective reform agenda that establishes a clear and credible path toward achieving these goals; and

(c) A specific rationale that justifies the State's choice to address the selected criteria in each Focused Investment Area (C), (D), and (E), including why these selected criteria will best achieve these goals.

(A)(3) Aligning and coordinating early learning and development across the State. (10 points)

The extent to which the State has established, or has a High-Quality Plan to establish, strong participation in and commitment to the State Plan by Participating State Agencies and other early learning and development stakeholders by—

(a) Demonstrating how the Participating State Agencies and other partners, if any, will identify a governance structure for working together that will facilitate interagency coordination, streamline decision making, effectively allocate resources, and create long-term sustainability, and describing--

(1) The organizational structure for managing the grant and how it builds upon existing interagency governance structures such as children's cabinets, councils, and commissions, if any already exist and are effective;

(2) The governance-related roles and responsibilities of the Lead Agency, the State Advisory Council on Early Childhood Education and Care, each Participating State Agency, and the State's Interagency Coordinating Council for Part C of IDEA, and other partners, if any;

(3) The method and process for making different types of decisions (e.g., policy, operational) and resolving disputes; and

(4) The plan for when and how the State will involve representatives from Participating Programs, Early Childhood Educators or their representatives, parents and families, including parents and families of Children with High Needs, and other key stakeholders in the planning and implementation of the activities carried out under the grant;

(b) Demonstrating that the Participating State Agencies are strongly committed to the State Plan, to the governance structure of the grant, and to effective implementation of the State Plan, by including in the MOUs or other binding agreements between the State and each Participating State Agency--

(1) Terms and conditions that reflect a strong commitment to the State Plan by each Participating State Agency, including terms and conditions designed to align and leverage the Participating State Agencies' existing funding to support the State Plan;

(2) "Scope-of-work" descriptions that require each Participating State Agency to implement all applicable portions of the State Plan and a description of efforts to maximize the number of Early Learning and Development Programs that become Participating Programs; and

(3) A signature from an authorized representative of each Participating State Agency; and

(c) Demonstrating commitment to the State Plan from a broad group of stakeholders that will assist the State in reaching the ambitious yet achievable goals outlined in response to selection criterion (A)(2)(a), including by obtaining--

(1) Detailed and persuasive letters of intent or support from Early Learning Intermediary Organizations, and, if applicable, local early learning councils; and

(2) Letters of intent or support from such other stakeholders as Early Childhood Educators or their representatives; the State's legislators; local community leaders; State or local school boards; representatives of private and faith-based early learning programs; other State and local leaders (e.g., business, community, tribal, civil rights, education association leaders); adult education and family literacy State and local leaders; family and community organizations; representatives from the disability community, the English learner community, and entities representing other Children with High Needs (e.g., parent councils, nonprofit organizations, local foundations, tribal organizations, and community-based organizations); libraries and children's museums; health providers; public television stations, and postsecondary institutions.

(A)(4) Developing a budget to implement and sustain the work of this grant. (15 points)

The extent to which the State Plan--

(a) Demonstrates how the State will use existing funds that support early learning and development from Federal, State, private, and local sources (e.g., CCDF; Title I and II of ESEA; IDEA; Striving Readers Comprehensive Literacy Program; State preschool; Head Start Collaboration funding; MIECHV program; Title V MCH Block Grant; TANF; Medicaid; child welfare services under Title IV (B) and (E) of the Social Security Act; Statewide Longitudinal Data System; foundation; other private funding sources) for activities and services that help achieve the outcomes in the State Plan, including how the quality set-asides in CCDF will be used;

(b) Describes, in both the budget tables and budget narratives, how the State will effectively and efficiently use funding from this grant to achieve the outcomes in the State Plan, in a manner that--

(1) Is adequate to support the activities described in the State Plan;

(2) Includes costs that are reasonable and necessary in relation to the objectives, design, and significance of the activities described in the State Plan and the number of children to be served; and

(3) Details the amount of funds budgeted for Participating State Agencies, localities, Early Learning Intermediary Organizations, Participating Programs, or other partners, and the specific activities to be implemented with these funds consistent with the State Plan, and demonstrates that a significant amount of funding will be devoted to the local implementation of the State Plan; and

(c) Demonstrates that it can be sustained after the grant period ends to ensure that the number and percentage of Children with High Needs served by Early Learning and Development Programs in the State will be maintained or expanded.

B. High-Quality, Accountable Programs

(B)(1) Developing and adopting a common, statewide Tiered Quality Rating and Improvement System. (10 points)

The extent to which the State and its Participating State Agencies have developed and adopted, or have a High-Quality Plan to develop and adopt, a Tiered Quality Rating and Improvement System that--

(a) Is based on a statewide set of tiered Program Standards that include--

- (1) Early Learning and Development Standards;
- (2) A Comprehensive Assessment System;
- (3) Early Childhood Educator qualifications;
- (4) Family engagement strategies;
- (5) Health promotion practices; and
- (6) Effective data practices;

(b) Is clear and has standards that are measurable, meaningfully differentiate program quality levels, and reflect high expectations of program excellence commensurate with nationally recognized standards that lead to improved learning outcomes for children; and

(c) Is linked to the State licensing system for Early Learning and Development Programs.

(B)(2) Promoting participation in the State's Tiered Quality Rating and Improvement System. (15 points)

The extent to which the State has maximized, or has a High-Quality Plan to maximize, program participation in the State's Tiered Quality Rating and Improvement System by--

(a) Implementing effective policies and practices to reach the goal of having all publicly funded Early Learning and Development Programs participate in such a system, including programs in each of the following categories--

- (1) State-funded preschool programs;
 - (2) Early Head Start and Head Start programs;
 - (3) Early Learning and Development Programs funded under section 619 of Part B of IDEA and Part C of IDEA;
 - (4) Early Learning and Development Programs funded under Title I of ESEA;
- and

(5) Early Learning and Development Programs receiving funds from the State's CCDF program;

(b) Implementing effective policies and practices designed to help more families afford high-quality child care and maintain the supply of high-quality child care in areas with high concentrations of Children with High Needs (*e.g.*, maintaining or increasing subsidy reimbursement rates, taking actions to ensure affordable co-payments, providing incentives to high-quality providers to participate in the subsidy program); and

(c) Setting ambitious yet achievable targets for the numbers and percentages of Early Learning and Development Programs that will participate in the Tiered Quality Rating and Improvement System by type of Early Learning and Development Program (as listed in (B)(2)(a)(1) through (5) above).

(B)(3) Rating and monitoring Early Learning and Development Programs. (15 points)

The extent to which the State and its Participating State Agencies have developed and implemented, or have a High-Quality Plan to develop and implement, a system for rating and monitoring the quality of Early Learning and Development Programs participating in the Tiered Quality Rating and Improvement System by--

(a) Using a valid and reliable tool for monitoring such programs, having trained monitors whose ratings have an acceptable level of inter-rater reliability, and monitoring and rating the Early Learning and Development Programs with appropriate frequency; and

(b) Providing quality rating and licensing information to parents with children enrolled in Early Learning and Development Programs (e.g., displaying quality rating information at the program site) and making program quality rating data, information, and licensing history (including any health and safety violations) publicly available in formats that are written in plain language, and are easy to understand and use for decision making by families selecting Early Learning and Development Programs and families whose children are enrolled in such programs.

(B)(4) Promoting access to high-quality Early Learning and Development Programs for Children with High Needs. (20 points)

The extent to which the State and its Participating State Agencies have developed and implemented, or have a High-Quality Plan to develop and implement, a system for improving the quality of the Early Learning and Development Programs participating in the Tiered Quality Rating and Improvement System by--

(a) Developing and implementing policies and practices that provide support and incentives for Early Learning and Development Programs to continuously improve (e.g., through training, technical assistance, financial rewards or incentives, higher subsidy reimbursement rates, compensation);

(b) Providing supports to help working families who have Children with High Needs access high-quality Early Learning and Development Programs that meet those needs (e.g., providing full-day, full-year programs; transportation; meals; family support services); and

(c) Setting ambitious yet achievable targets for increasing--

(1) The number of Early Learning and Development Programs in the top tiers of the Tiered Quality Rating and Improvement System; and

(2) The number and percentage of Children with High Needs who are enrolled in Early Learning and Development Programs that are in the top tiers of the Tiered Quality Rating and Improvement System.

(B)(5) Validating the effectiveness of State Tiered Quality Rating and Improvement Systems. (15 points)

The extent to which the State has a High-Quality Plan to design and implement evaluations--working with an independent evaluator and, when warranted, as part of a cross-State evaluation consortium--of the relationship between the ratings generated by the State's Tiered Quality Rating and Improvement System and the learning outcomes of children served by the State's Early Learning and Development Programs by--

(a) Validating, using research-based measures, as described in the State Plan (which also describes the criteria that the State used or will use to determine those measures), that the tiers in the State's Tiered Quality Rating and Improvement System accurately reflect differential levels of program quality; and

(b) Assessing, using appropriate research designs and measures of progress (as identified in the State Plan), the extent to which changes in quality ratings are related to progress in children's learning, development, and school readiness.

Focused Investment Areas (C), (D), and (E)

Each State must address in its application--

- (1) Two or more of the selection criteria in Focused Investment Area (C);*
- (2) One or more of the selection criteria in Focused Investment Area (D); and*
- (3) One or more of the selection criteria in Focused Investment Area (E).*

The total available points for each Focused Investment Area will be divided by the number of selection criteria that the applicant chooses to address in that area, so that each selection criterion is worth the same number of points.

C. Promoting Early Learning and Development Outcomes for Children

The total available points that an applicant may receive for selection criteria (C)(1) through (C)(4) is 60. The 60 points will be divided by the number of selection criteria that the applicant chooses to address so that each selection criterion is worth the same number of points. For example, if the applicant chooses to address all four selection criteria under this Focused Investment Area, each criterion will be worth up to 15 points. If the applicant chooses to address two selection criteria, each criterion will be worth up to 30 points.

The applicant must address at least two of the selection criteria within Focused Investment Area (C), which are as follows:

(C)(1) Developing and using statewide, high-quality Early Learning and Development Standards.

The extent to which the State has a High-Quality Plan to put in place high-quality Early Learning and Development Standards that are used statewide by Early Learning and Development Programs and that--

- (a) Includes evidence that the Early Learning and Development Standards are developmentally, culturally, and linguistically appropriate across each age group of infants, toddlers, and preschoolers, and that they cover all Essential Domains of School Readiness;
- (b) Includes evidence that the Early Learning and Development Standards are aligned with the State's K-3 academic standards in, at a minimum, early literacy and mathematics;
- (c) Includes evidence that the Early Learning and Development Standards are incorporated in Program Standards, curricula and activities, Comprehensive Assessment Systems, the State's Workforce Knowledge and Competency Framework, and professional development activities; and that they are shared with parents and families along with suggestions for appropriate strategies they can use at home to support their children's learning and development; and
- (d) Includes evidence that the State has supports in place to promote understanding of and commitment to the Early Learning and Development Standards across Early Learning and Development Programs.

(C)(2) Supporting effective uses of Comprehensive Assessment Systems.

The extent to which the State has a High-Quality Plan to support the effective implementation of developmentally appropriate Comprehensive Assessment Systems by--

- (a) Working with Early Learning and Development Programs to select assessment instruments and approaches that are appropriate for the target populations and purposes;
- (b) Working with Early Learning and Development Programs to strengthen Early Childhood Educators' understanding of the purposes and uses of each type of assessment included in the Comprehensive Assessment Systems;
- (c) Articulating an approach for aligning and integrating assessments and sharing assessment results, as appropriate, in order to avoid duplication of assessments and to coordinate services for Children with High Needs who are served by multiple Early Learning and Development Programs;
- (d) Training Early Childhood Educators to appropriately administer assessments and interpret and use assessment data in order to inform and improve instruction, programs, and services, and to effectively solicit and use family input on children's development and needs; and
- (e) Articulating guidelines and procedures for sharing assessment data and results with parents, involving them in decisions about their children's care and education, and helping them identify concrete actions they can take to address developmental issues identified through the assessment process.

(C)(3) Identifying and addressing the health, behavioral, and developmental needs of Children with High Needs to improve school readiness.

The extent to which the State has a High-Quality Plan to identify and address the health, behavioral, and developmental needs of Children with High Needs by--

- (a) Establishing a progression of standards for ensuring children's health and safety; ensuring that health and behavioral screening and follow-up occur; promoting children's physical, social, and emotional development across the levels of its Program Standards; and involving families as partners and building parents' capacity to promote their children's physical, social, and emotional health;
- (b) Increasing the number of Early Childhood Educators who are trained and supported on an ongoing basis in meeting the health standards;
- (c) Promoting healthy eating habits, improving nutrition, expanding physical activity, and providing information and guidance to families to promote healthy habits at home;
- (d) Leveraging existing resources to meet ambitious yet achievable annual targets to increase the number of Children with High Needs who—
 - (1) Are screened using Screening Measures that align with the Medicaid Early Periodic Screening, Diagnostic and Treatment benefit (see section 1905(r)(5) of the Social Security Act) or the well-baby and well-child services available through the Children's Health Insurance Program (42 CFR 457.520), and that, as appropriate, are consistent with the Child Find provisions in IDEA (see sections 612(a)(3) and 635(a)(5) of IDEA);
 - (2) Are referred for services based on the results of those screenings, and, where appropriate, received follow-up; and
 - (3) Participate in ongoing health care as part of a schedule of well-child care, including the number of children who are up to date in a schedule of well-child care; and
- (e) Developing a comprehensive approach to increase the capacity and improve the overall quality of Early Learning and Development Programs to support and address the social

and emotional development (including infant-early childhood mental health) of children from birth to age five.

(C)(4) Engaging and supporting families.

The extent to which the State has a High-Quality Plan to provide culturally and linguistically appropriate information and support to families of Children with High Needs in order to promote school readiness for their children by--

(a) Establishing a progression of culturally and linguistically appropriate standards for family engagement across the levels of its Program Standards, including activities that enhance the capacity of families to support their children's education and development and help families build protective factors;

(b) Increasing the number and percentage of Early Childhood Educators trained and supported on an ongoing basis to implement the family engagement strategies included in the Program Standards; and

(c) Promoting family support and engagement statewide, including by leveraging other existing resources, such as home visiting programs, family resource centers, family support networks, and other family-serving agencies and organizations, and through outreach to family, friend, and neighbor caregivers.

D. A Great Early Childhood Education Workforce

The total points that a State may earn for selection criteria (D)(1) and (D)(2) is 40. The 40 points will be divided by the number of selection criteria that the applicant chooses to address so that each selection criterion is worth the same number of points. For example, if the applicant chooses to address both selection criteria under this Focused Investment Area, each criterion will be worth up to 20 points. If the applicant chooses to address one selection criterion, the criterion will be worth up to 40 points.

The applicant must address at least one of the selection criteria within Focused Investment Area (D), which are as follows:

(D)(1) Developing a Workforce Knowledge and Competency Framework and a progression of credentials.

The extent to which the State has a High-Quality Plan to--

(a) Develop a common, statewide Workforce Knowledge and Competency Framework designed to promote children's learning and development and improve child outcomes;

(b) Develop a common, statewide progression of credentials and degrees aligned with the Workforce Knowledge and Competency Framework; and

(c) Engage postsecondary institutions and other professional development providers in aligning professional development opportunities with the State's Workforce Knowledge and Competency Framework.

(D)(2) Supporting Early Childhood Educators in improving their knowledge, skills, and abilities.

The extent to which the State has a High-Quality Plan to improve the effectiveness and retention of Early Childhood Educators who work with Children with High Needs, with the goal of improving child outcomes by--

(a) Providing and expanding access to effective professional development opportunities that-

(1) Are aligned with the State's Workforce Knowledge and Competency Framework;

(2) Tightly link training with professional development approaches, such as coaching and mentoring; and

(3) Are supported by strong evidence (e.g. available evaluations, developmental theory, or data or information) as to why these policies and incentives will be effective in improving outcomes for Children with High Needs;

(b) Implementing effective policies and incentives (e.g., scholarships, compensation and wage supplements, tiered reimbursement rates, other financial incentives, management opportunities) to promote professional improvement and career advancement along an articulated career pathway that-

(1) Are aligned with the State's Workforce Knowledge and Competency Framework;

(2) Tightly link training with professional development approaches, such as coaching and mentoring; and

(3) Are supported by strong evidence (e.g., available evaluations, developmental theory, or data or information) as to why these policies and incentives will be effective in improving outcomes for Children with High Needs;

(c) Publicly reporting aggregated data on Early Childhood Educator development, advancement, and retention; and

(d) Setting ambitious yet achievable targets for--

(1) Increasing the number of postsecondary institutions and professional development providers with programs that are aligned to the Workforce Knowledge and Competency Framework and the number of Early Childhood Educators who receive credentials from postsecondary institutions and professional development providers with programs that are aligned to the Workforce Knowledge and Competency Framework; and

(2) Increasing the number and percentage of Early Childhood Educators who are progressing to higher levels of credentials that align with the Workforce Knowledge and Competency Framework.

E. Measuring Outcomes and Progress

The total points an applicant may earn for selection criteria (E)(1) and (E)(2) is 40. The 40 points will be divided by the number of selection criteria that the applicant chooses to address so that each selection criterion is worth the same number of points. For example, if the applicant chooses to address both selection criteria under this Focused Investment Area, each criterion will be worth up to 20 points. If the applicant chooses to address one selection criterion, the criterion will be worth up to 40 points.

The applicant must address at least one of the selection criteria within Focused Investment Area (E), which are as follows:

(E)(1) Understanding the status of children’s learning and development at kindergarten entry.

The extent to which the State has a High-Quality Plan to implement, independently or as part of a cross-State consortium, a common, statewide Kindergarten Entry Assessment that informs instruction and services in the early elementary grades and that--

(a) Is aligned with the State’s Early Learning and Development Standards and covers all Essential Domains of School Readiness;

(b) Is valid, reliable, and appropriate for the target population and for the purpose for which it will be used, including for English learners and children with disabilities;

(c) Is administered beginning no later than the start of the school year ending during the fourth year of the grant to children entering a public school kindergarten; States may propose a phased implementation plan that forms the basis for broader statewide implementation;

(d) Is reported to the Statewide Longitudinal Data System, and to the early learning data system, if it is separate from the Statewide Longitudinal Data System, as permitted under and consistent with the requirements of Federal, State, and local privacy laws; and

(e) Is funded, in significant part, with Federal or State resources other than those available under this grant (e.g., with funds available under section 6111 or 6112 of ESEA).

(E)(2) Building or enhancing an early learning data system to improve instruction, practices, services, and policies.

The extent to which the State has a High-Quality Plan to enhance the State’s existing Statewide Longitudinal Data System or to build or enhance a separate, coordinated, early learning data system that aligns and is interoperable with the Statewide Longitudinal Data System, and that either data system--

(a) Has all of the Essential Data Elements;

(b) Enables uniform data collection and easy entry of the Essential Data Elements by Participating State Agencies and Participating Programs;

(c) Facilitates the exchange of data among Participating State Agencies by using standard data structures, data formats, and data definitions such as Common Education Data Standards to ensure interoperability among the various levels and types of data;

(d) Generates information that is timely, relevant, accessible, and easy for Early Learning and Development Programs and Early Childhood Educators to use for continuous improvement and decision making and to share with parents and other community stakeholders; and

(e) Meets the Data System Oversight Requirements and complies with the requirements of Federal, State, and local privacy laws.

PROGRAM DEFINITIONS

Children with High Needs means children from birth through kindergarten entry who are from Low-Income families or otherwise in need of special assistance and support, including children who have disabilities or developmental delays; who are English learners; who reside on “Indian lands” as that term is defined by section 8013(7) of the Elementary and Secondary Education Act of 1965, as amended (ESEA); who are migrant, homeless, or in foster care; and other children as identified by the State.

Common Education Data Standards (CEDS) means voluntary, common standards for a key set of education data elements (e.g., demographics, program participation, transition, course information) at the early learning, K-12, and postsecondary levels developed through a national collaborative effort being led by the National Center for Education Statistics. CEDS focus on standard definitions, code sets, and technical specifications of a subset of key data elements and are designed to increase data interoperability, portability, and comparability across Early Learning and Development Programs and agencies, States, local educational agencies, and postsecondary institutions.

Comprehensive Assessment System means a coordinated and comprehensive system of multiple assessments, each of which is valid and reliable for its specified purpose and for the population with which it will be used, that organizes information about the process and context of young children’s learning and development in order to help Early Childhood Educators make informed instructional and programmatic decisions and that conforms to the recommendations of the National Research Council reports on early childhood.

A Comprehensive Assessment System includes, at a minimum--

- (a) Screening Measures;
- (b) Formative Assessments;
- (c) Measures of Environmental Quality; and
- (d) Measures of the Quality of Adult-Child Interactions.

Data System Oversight Requirements means policies for ensuring the quality, privacy, and integrity of data contained in a data system, including—

(a) A data governance policy that identifies the elements that are collected and maintained; provides for training on internal controls to system users; establishes who will have access to the data in the system and how the data may be used; sets appropriate internal controls to restrict access to only authorized users; sets criteria for determining the legitimacy of data requests; establishes processes that verify the accuracy, completeness, and age of the data elements maintained in the system; sets procedures for determining the sensitivity of each inventoried element and the risk of harm if those data were improperly disclosed; and establishes procedures for disclosure review and auditing; and

(b) A transparency policy that informs the public, including families, Early Childhood Educators, and programs, of the existence of data systems that house personally identifiable information, explains what data elements are included in such a system, enables parental consent

to disclose personally identifiable information as appropriate, and describes allowable and potential uses of the data.

Early Childhood Educator means any professional working in an Early Learning and Development Program, including but not limited to center-based and family child care providers; infant and toddler specialists; early intervention specialists and early childhood special educators; home visitors; related services providers; administrators such as directors, supervisors, and other early learning and development leaders; Head Start teachers; Early Head Start teachers; preschool and other teachers; teacher assistants; family service staff; and health coordinators.

Early Learning and Development Program means any (a) State-licensed or State-regulated program or provider, regardless of setting or funding source, that provides early care and education for children from birth to kindergarten entry, including, but not limited to, any program operated by a child care center or in a family child care home; (b) preschool program funded by the Federal Government or State or local educational agencies (including any IDEA-funded program); (c) Early Head Start and Head Start program; and (d) a non-relative child care provider who is not otherwise regulated by the State and who regularly cares for two or more unrelated children for a fee in a provider setting. A State should include in this definition other programs that may deliver early learning and development services in a child's home, such as the MIECHV; Early Head Start; and Part C of IDEA.¹

Early Learning and Development Standards means a set of expectations, guidelines, or developmental milestones that—

- (a) Describe what all children from birth to kindergarten entry should know and be able to do and their disposition toward learning;
- (b) Are appropriate for each age group (e.g., infants, toddlers, and preschoolers); for English learners; and for children with disabilities or developmental delays;
- (c) Cover all Essential Domains of School Readiness; and
- (d) Are universally designed and developmentally, culturally, and linguistically appropriate.

Early Learning Intermediary Organization means a national, statewide, regional, or community-based organization that represents one or more networks of Early Learning and Development Programs in the State and that has influence or authority over them. Such Early Learning Intermediary Organizations include, but are not limited to, Child Care Resource and Referral Agencies; State Head Start Associations; Family Child Care Associations; State affiliates of the National Association for the Education of Young Children; State affiliates of the

¹ Note: Such home-based programs and services will most likely not participate in the State's Tiered Quality Rating and Improvement System unless the State has developed a set of tiered Program Standards specifically for home-based programs and services.

Council for Exceptional Children’s Division of Early Childhood; statewide or regional union affiliates that represent Early Childhood Educators; affiliates of the National Migrant and Seasonal Head Start Association; the National Tribal, American Indian, and Alaskan Native Head Start Association; and the National Indian Child Care Association.

Essential Data Elements means the critical child, program, and workforce data elements of a coordinated early learning data system, including—

- (a) A unique statewide child identifier or another highly accurate, proven method to link data on that child, including Kindergarten Entry Assessment data, to and from the Statewide Longitudinal Data System and the coordinated early learning data system (if applicable);
- (b) A unique statewide Early Childhood Educator identifier;
- (c) A unique program site identifier;
- (d) Child and family demographic information, including indicators identifying the criteria that States use to determine whether a child is a Child with High Needs;
- (e) Early Childhood Educator demographic information, including data on educational attainment and State credential or licenses held, as well as professional development information;
- (f) Program-level data on the program’s structure, quality, child suspension and expulsion rates, staff retention, staff compensation, work environment, and all applicable data reported as part of the State’s Tiered Quality Rating and Improvement System; and
- (g) Child-level program participation and attendance data.

Essential Domains of School Readiness means the domains of language and literacy development, cognition and general knowledge (including early mathematics and early scientific development), approaches toward learning, physical well-being and motor development (including adaptive skills), and social and emotional development.

Formative Assessment (also known as a classroom-based or ongoing assessment) means assessment questions, tools, and processes—

- (a) That are—
 - (1) Specifically designed to monitor children’s progress in meeting the Early Learning and Development Standards;
 - (2) Valid and reliable for their intended purposes and their target populations; and
 - (3) Linked directly to the curriculum; and
- (b) The results of which are used to guide and improve instructional practices.

High-Quality Plan means any plan developed by the State to address a selection criterion or priority in this notice that is feasible and has a high probability of successful implementation and at a minimum includes—

- (a) The key goals;
- (b) The key activities to be undertaken; the rationale for the activities; and, if applicable, where in the State the activities will be initially implemented, and where and how they will be scaled up over time to eventually achieve statewide implementation;
- (c) A realistic timeline, including key milestones, for implementing each key activity;
- (d) The party or parties responsible for implementing each activity and other key personnel assigned to each activity;
- (e) Appropriate financial resources to support successful implementation of the plan;
- (f) The information requested as supporting evidence, if any, together with any additional information the State believes will be helpful to peer reviewers in judging the credibility of the plan;
- (g) The information requested in the performance measures, where applicable;
- (h) How the State will address the needs of the different types of Early Learning and Development Programs, if applicable; and
- (i) How the State will meet the needs of Children with High Needs.

Kindergarten Entry Assessment means an assessment that--

- (a) Is administered to children during the first few months of their admission into kindergarten;
- (b) Covers all Essential Domains of School Readiness;
- (c) Is used in conformance with the recommendations of the National Research Council² reports on early childhood; and
- (d) Is valid and reliable for its intended purposes and for the target populations and aligned to the Early Learning and Development Standards.

² National Research Council. (2008). Early Childhood Assessment: Why, What, and How. Committee on Developmental Outcomes and Assessments for Young Children, C.E. Snow and S.B. Van Hemel, Editors. Board on Children, Youth, and Families, Board on Testing and Assessment, Division of Behavioral and Social Sciences and Education. Washington, DC: The National Academies Press.
www.nap.edu/catalog.php?record_id=12446.

Results of the assessment should be used to inform efforts to close the school readiness gap at kindergarten entry, to inform instruction in the early elementary school grades, and to inform parents about their children's status and involve them in decisions about their children's education. This assessment must not be used to prevent children's entry into kindergarten or as a single measure for high-stakes decisions.

Lead Agency means the State-level agency designated by the Governor for the administration of the RTT-ELC grant; this agency is the fiscal agent for the grant. The Lead Agency must be one of the Participating State Agencies.

Low-Income means having an income of up to 200 percent of the Federal poverty rate.

Measures of Environmental Quality means valid and reliable indicators of the overall quality of the early learning environment.

Measures of the Quality of Adult-Child Interactions means the measures obtained through valid and reliable processes for observing how teachers and caregivers interact with children, where such processes are designed to promote child learning and to identify strengths of and areas for improvement for early learning professionals. Participating Program means an Early Learning and Development Program that elects to carry out activities described in the State Plan.

Participating State Agency means a State agency that administers public funds related to early learning and development and is participating in the State Plan. The following State agencies are required Participating State Agencies: the agencies that administer or supervise the administration of CCDF, the section 619 of Part B of IDEA and Part C of IDEA programs, State-funded preschool, home visiting, Title I of ESEA, the Head Start State Collaboration Grant, and the Title V Maternal and Child Health Services Block Grant, the State's Child Care Licensing Agency, and the State educational agency. Other State agencies, such as the agencies that administer or supervise the administration of Child Welfare, Mental Health, Temporary Assistance for Needy Families (TANF), Community-Based Child Abuse Prevention, the Child and Adult Care Food Program, and the Adult Education and Family Literacy Act, may be Participating State Agencies if they elect to participate in the State Plan as well as the State Advisory Council on Early Childhood Education and Care.

Program Standards means the standards that serve as the basis for a Tiered Quality Rating and Improvement System and define differentiated levels of quality for Early Learning and Development Programs. Program Standards are expressed, at a minimum, by the extent to which--

(a) Early Learning and Development Standards are implemented through evidence-based activities, interventions, or curricula that are appropriate for each age group of infants, toddlers, and preschoolers;

(b) Comprehensive Assessment Systems are used routinely and appropriately to improve instruction and enhance program quality by providing robust and coherent evidence of—

(1) Children’s learning and development outcomes; and

(2) Program performance;

(c) A qualified workforce improves young children’s health, social, emotional, and educational outcomes;

(d) Culturally and linguistically responsive strategies are successfully used to engage families, help them build protective factors, and strengthen their capacity to support their children’s development and learning. These strategies may include, but are not limited to, parent access to the program, ongoing two-way communication with families, parent education in child development, outreach to fathers and other family members, training and support for families as children move to preschool and kindergarten, social networks of support, intergenerational activities, linkages with community supports and adult and family literacy programs, parent involvement in decision making, and parent leadership development;

(e) Health promotion practices include health and safety requirements; developmental, behavioral, and sensory screening, referral, and follow up; and the promotion of physical activity, healthy eating habits, oral health and behavioral health, and health literacy among parents; and

(f) Effective data practices include gathering Essential Data Elements and entering them into the State’s Statewide Longitudinal Data System or other early learning data system, using these data to guide instruction and program improvement, and making this information readily available to families.

Screening Measures means age and developmentally appropriate, valid, and reliable instruments that are used to identify children who may need follow-up services to address developmental, learning, or health needs in, at a minimum, the areas of physical health, behavioral health, oral health, child development, vision, and hearing.

State means any of the 50 States, the District of Columbia, and Puerto Rico.

State Plan means the plan submitted as part of the State’s RTT-ELC application.

Statewide Longitudinal Data System means the State’s longitudinal education data system that collects and maintains detailed, high-quality, student- and staff-level data that are linked across entities and that over time provide a complete academic and performance history for each student. The Statewide Longitudinal Data System is typically housed within the State educational agency but includes or can be connected to early childhood, postsecondary, and labor data.

Tiered Quality Rating and Improvement System means the system through which the State uses a set of progressively higher Program Standards to evaluate the quality of an Early Learning and Development Program and to support program improvement. A Tiered Quality Rating and Improvement System consists of four components: (a) tiered Program Standards with multiple rating categories that clearly and meaningfully differentiate program quality levels;

(b) monitoring to evaluate program quality based on the Program Standards; (c) supports to help programs meet progressively higher standards (e.g., through training, technical assistance, financial support); and (d) program quality ratings that are publically available; and includes a process for validating the system.

Workforce Knowledge and Competency Framework means a set of expectations that describes what Early Childhood Educators (including those working with children with disabilities and English learners) should know and be able to do. The Workforce Knowledge and Competency Framework, at a minimum, (a) is evidence based; (b) incorporates knowledge and application of the State's Early Learning and Development Standards, the Comprehensive Assessment Systems, child development, health, and culturally and linguistically appropriate strategies for working with families; (c) includes knowledge of early mathematics and literacy development and effective instructional practices to support mathematics and literacy development in young children; (d) incorporates effective use of data to guide instruction and program improvement; (e) includes effective behavior management strategies that promote positive social and emotional development and reduce challenging behaviors; (f) incorporates feedback from experts at the State's postsecondary institutions and other early learning and development experts and Early Childhood Educators; and (g) includes knowledge of protective factors and effective approaches to partnering with families and building families' knowledge, skills, and capacity to promote children's health and development.

SELECTED REQUIREMENTS

Eligibility Requirements

The State must meet the following requirements to be eligible to compete for funding under this program:

- (a) The State has not previously received an RTT-ELC grant.
- (b) The Lead Agency must have executed with each Participating State Agency a Memorandum of Understanding (MOU) or other binding agreement that the State must attach to its application, describing the Participating State Agency's level of participation in the grant. (See section XIII.) At a minimum, the MOU or other binding agreement must include an assurance that the Participating State Agency agrees to use, to the extent applicable--
 - (1) A set of statewide Early Learning and Development Standards;
 - (2) A set of statewide Program Standards;
 - (3) A statewide Tiered Quality Rating and Improvement System; and
 - (4) A statewide Workforce Knowledge and Competency Framework and progression of credentials.
- (c) There must be an active Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program in the State, either through the State under section 511(c) of Title V of the Social Security Act, as added by section 2951 of the Affordable Care Act of 2010 (Pub. L. 111-148), or through an eligible non-profit organization under section 511(h)(2)(B).

Selected Application Requirements

- (a) The State's application must be signed by the Governor or an authorized representative; an authorized representative from the Lead Agency; and an authorized representative from each Participating State Agency.
- (c) The State must complete the budget spreadsheets that are provided in the application package and submit the completed spreadsheet as part of its application. These spreadsheets should be included on the CD or DVD that the State submits as its application.
- (e) The State must include a budget that details how it will use grant funds awarded under this competition, and funds from other Federal, State, private, and local sources to achieve the outcomes of the State Plan (as described in selection criterion (A)(4)(a)), and how the State will use funds awarded under this program to--
 - (1) Achieve its targets for increasing the number and percentage of Early Learning and Development Programs that are participating in the State's Tiered Quality Rating and Improvement System (as described in selection criterion (B)(2)(c)); and
 - (2) Achieve its targets for increasing the number and percentage of Children with High Needs who are enrolled in Early Learning and Development Programs that are in

the top tiers of the State's Tiered Quality Rating and Improvement System (as described in selection criterion (B)(4)(c)).

(f) The State must provide an overall summary for the State Plan and a rationale for why it has chosen to address the selected criteria in each Focused Investment Area, including—

- How the State's choices build on its progress to date in each Focused Investment Area (as outlined in Tables (A)(1)6-13 and in the narrative under (A)(1)); and
- Why these selected criteria will best achieve the State's ambitious yet achievable goals for improving program quality, improving outcomes for Children with High Needs statewide, and closing the readiness gap between Children with High Needs and their peers.

Selected Program Requirements

A State that receives a grant must meet the following requirements:

(a) The State must have an operational State Advisory Council on Early Childhood Education and Care that meets the requirements described in section 642B(b) of the Head Start Act (42 U.S.C. 9837(b)). In addition, the State Advisory Council on Early childhood Education and Care must include the State's Child Care and Development Fund (CCDF) administrator, State agency coordinators from both Part B section 619 and Part C of the Individuals with Disabilities Education Act (IDEA), and State agency representatives responsible for health and mental health.

(b) The State must continue to participate in the programs authorized under section 619 of Part B of IDEA and Part C of IDEA and in the CCDF program.

(c) States must continue to have an active Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program (pursuant to section 511 of Title V of the Social Security Act, as added by section 2951 of the Affordable Care Act of 2010 (Public Law. 111-148)) for the duration of the grant, whether operated by the State or by an eligible non-profit organization.

(d) The State is prohibited from spending funds from the grant on the direct delivery of health services.

(g) The State must have a longitudinal data system that includes the 12 elements described in section 6401(e)(2)(D) of the America COMPETES Act by the date required under the State Fiscal Stabilization Fund (SFSF) grant and in accordance with Indicator (b)(1) of its approved SFSF plan.

(l) Funds made available under an RTT-ELC grant must be used to supplement, not supplant, any Federal, State, or local funds that, in the absence of the funds awarded under this grant, would be available for increasing access to and improving the quality of Early Learning and Development Programs.
